

www.SoccerROM.com
The Soccer Coach's Online Reference

SoccerROM helps soccer coaches gain the most from their practice sessions and manage their team information. SoccerROM offers a database of over 600 soccer drills, each featuring a detailed description and a realistic 3-D illustration.

Under full disclosure, this is my son's web site. He and his wife developed it for coaches, like myself, who found themselves needing better information on coaching and practice techniques. Because my daughter-in-law is a goalkeeper, you will find many well tested drills to use in training goalkeepers.

Send an e-mail to <admin@soccerrom.com> and attach this PDF coupon. Include your name, address, phone number, your position with the team, and both your league and team names. They will be in contact with you within about 24 hours to get you signed up.

While this is a pay-for-view website, this coupon will enable you to have access to the site for one year at no charge.
